

1. The reply filed on 22 January 2008 is not fully responsive to the prior Office Action because: Applicant has incorporated claims directed to a non-elected, and therefore non-examined species into claim 7, effectively cancelling claims directed to the elected species in favor of a non-elected species. Note that if examined, proposed claim 7 would no longer be generic, and any species claims depending from claim 7 would not be considered on allowance. Further, there are now issues under 35 USC 112, 1st and 2nd paragraphs, as it is not clear if the now claimed species incorporates in any way the non-examines species. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
